

# Doyle E. Yoder, CPA

“The standard I set from the beginning was to develop a firm that had the organizational structure to offer business and individual accounting services that would meet the needs of my clients over time. That was the vision I had when I started Yoder & Company, and it is the standard our firm embraces today.”

he accounting firm of Yoder & Company was founded by Doyle Yoder in 1975. From its inception he has worked to develop a solid, customer-focused company that is respected by clients in Sacramento and throughout the nation. Yoder’s personal expertise focuses on the areas of tax and estate planning, consulting, and tax return preparation for individuals, businesses and nonprofit organizations.

Doyle has extensive experience with the special needs of high-income and high-net-worth individuals with esoteric income streams such as oil & gas and sports professionals who file tax returns in every state and locality in which they play. Industry specialization includes healthcare, personal service firms, nonprofit organizations, wholesale and contract sales, real estate and construction, agribusiness, and manufacturing.

Business and nonprofit clients benefit from Yoder’s experience in founding and managing his own firm through differing economic conditions. At Yoder & Company, he established a Steering Committee, and directed the Quality Control standards and procedures that led to his firm’s successful Professional Peer reviews.

Planning for the future needs of individuals, businesses and nonprofits is an important part of the consulting service provided by Y&C. New start-ups look to Mr. Yoder for advice on: choice of entity; setting up accounting systems and internal controls; budgeting and cash-flow projections; and obtaining and maintaining appropriate tax-status.

## Quality

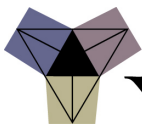

He offers established organizations advisory services such as: profitability analysis and revenue enhancement; business structuring; risk assessment; strategic planning; equipment acquisitions; employee benefit planning; planning for succession; and issues relating to the sale, dissolution, and merging of businesses.

## Integrity

Doyle aids individuals with retirement and educational planning including 529 plans, wealth transfer, estate and trust planning, and decisions relating to various forms of compensation and benefits. Most importantly, he helps them achieve their financial goals while complying with the complex requirements of tax and regulatory agencies.

## Service

Mr. Yoder’s professional affiliations include the American Institute of Certified Public Accountants (AICPA) and California Society of Certified Public Accountants (CSCPA).
